

Sigtronics Transcom II Portable Intercoms

SPO-82 Eight Place

Included in the SPO-82 system:

- SPO-82 Main unit
- 2 Middle Satellite units
- 1 End Satellite unit
- 1 Power Cable

Just add headsets and 1 or 2 portable transmit switches (PTT-ICS) to complete your system.

- Fail safe feature allows the pilot to always hear radios - even if the intercom is off
- Operates up to 40 hours on the included 9-volt batteries
- Includes DC power cable to offer seamless operation on either battery or 11-34 Volt DC aircraft power
- Radio priority assures that ATC hears only the crew member transmitting
- Push to Talk Switch inputs for both pilot and copilot
- Music input for CD player, MP3 player or AM / FM receiver
- Audio output for recording ATC flight dialog
